## Security

At SIA, we take our customer and partner security and confidentiality very seriously.

It is of paramount importance and our employees are fully aware of their responsibilities to keep customer information safe secure and confidential. While there is inherent risk in doing business with anyone over a public medium like the Internet, we have implemented measures to reduce these risks.

Whether you choose to deal with us online, over the telephone or in person, we follow rigorous security procedures and use state of the art technologies to protect your information and transactions against unauthorized access, disclosure, alteration and misuse.

Our Internet site, uses several layers of strong security technology to help ensure the integrity and confidentiality of online transactions.
